General Outlook:

The Arab-Hellenic Chamber has embarked on the fifth decade of its business journey, with a clear visibility of its track record and achievements. Our Chamber's contribution to the increase of the trade balance between Greece and the Arab world is an indication of the growing importance of our role. The strategic dimension in our mandate to represent the Federations and Chambers of Commerce in all the Arab countries is a privilege which enables us to provide quality services and open constructive channels of communication between the two sides. Our events have been very successful in stimulating the verbal exchange between the Greek and the Arab businessmen, thus effectively influencing the increased flow of investments between them, in particular, the interest of the Arab investors in the Greek real estate market.

The "9th Arab - Hellenic Economic Forum" will be convened in Athens on 8th and 9th December 2020, under exceptional measures, as required by the current state of affairs. Consequently, this year, the Forum will be convened in a digital format, with a wider participation from the Arab and Greek Businessmen. The Forum's platform will offer the possibility of networking between the participants, interaction with speakers and visiting the Sponsors' virtual booths. The platform's features will allow conducting virtual B2B meetings between the Arab Businessmen with their Greek counterparts covering all business domains.
