General Outlook

Building on the success of the two previous events, the Arab-Hellenic Chamber is convening of the "3rd Annual Iraqi-European Business and Investment Forum" on 11-12 July 2018 in Athens, Greece, in cooperation with Baghdad Chamber of Commerce.

Iraq's recent achievements and victory on eradicating terrorism and the positive political developments have come to enhance Iraq's international status and to pave the way to a new era towards the reconstruction of Iraq. Many countries, along with regional and international organizations, have expressed interest in the participation in this enormous project while, the Iraqi private sector, represented by the Federation of Iraqi Chambers of Commerce and Industry, is playing an instrumental role in attracting international companies to enter into partnership with their Iraqi counterparts. This Forum comes to emphasize the leading role of Baghdad Chamber of Commerce, in its pursuit to create business partnerships between the Iraqi private sector and the European partners.

The topics and deliberations of this Forum will have direct relevance to the reconstruction of Iraq and the modernization of its infrastructure, petrochemical and agri-food businesses, with the allocation of a session on entrepreneurship and vocational training. B2B meetings will follow in all business sectors.
