“THE FORUM HAS BECOME RECOGNIZED AS A WORLD-CLASS DISCUSSION PLATFORM”

VLADIMIR PUTIN
President of the Russian Federation

The Forum has seen a dramatic increase in its authority over recent years. It has become recognized as a world-class discussion platform, open for participants to engage in direct dialogue on the current issues of our time.

NARENDRA MODI
Prime Minister of India

First and foremost, I would like to thank President Putin for providing me with the opportunity to take part in a Forum of such significance in St. Petersburg. President Putin’s home town is very beautiful, and its inhabitants have been extremely welcoming.

CHRISTIAN KERN
Federal Chancellor of Austria

From our point of view, this event plays a very significant role, and that is because Russian–European and Russian–Austrian relations are important to us. Not only have they been important in the past; I am convinced that they will continue to be important in the future.

RONNIE CHAN
Chairman of the Board of Directors,
Hang Lung Properties

I was very happy to be on the list of invitees for the St. Petersburg International Economic Forum. The relationship between Russia and Asia should continue to grow. After all, our economies complement each other, and we must work more closely together.

“THE FORUM HAS BECOME RECOGNIZED AS A **WORLD-CLASS** DISCUSSION PLATFORM”

ROBERT DUDLEY
Group Chief Executive, BP

I have witnessed the evolution of SPIEF from a small regional conference to one that takes place on a global scale. I attend SPIEF for its sessions, but also for business meetings. It is a very productive period in my professional calendar.

SACHIN PANT
CEO, Innovest Advisory Services

The opportunities for cooperation at SPIEF are not exclusively focused on Russia. It is a forum on a global scale, like Davos, but you can feel a clear accent on technology here now.

JEAN-PASCAL TRICOIRE
CEO, Schneider Electric

SPIEF is a place where paths cross, and where I can meet clients and partners and get an impression of those areas where the Russian Government is active. Not many countries host events of this kind, which is why I come here every year.

KLAUS MARTIN SCHWAB
Founder and Executive Chairman of the
World Economic Forum in Davos

I was deeply impressed by the scale of this event, as well as by the importance and relevance of the issues discussed here.
