# THE ORGANIZER

The World Association of Chefs' Societies, or Worldchefs in short, is a global network of chefs associations first founded in October 1928 at the Sorbonne in Paris. At that first congress there were 65 delegates from 17 countries, representing 36 national and international associations, and the venerable August Escoffier was named the first Honorary President of Worldchefs.

Today, this global body has 105 official chefs associations as members that represent over 10 million professional chefs worldwide.
